

12V/24V Power Supply

Specified for use with all Storm AXS access control products this robust, steel encased, switch mode power supply is rated for continuous high performance applications.

The Storm AXS power supply includes an integrated battery charger with intelligent battery state monitoring.

This power supply is designed specifically for use in access control and building security applications. (Please note: Battery not included).

The supply includes two power outputs. One provides continuous power for system use. The second is configurable for either 'fail safe' or 'fail secure' operation in response to activation of a fire alarm system.

All dimensions in mm

- 12V/6A or 24V/3A output
- 120/230V AC input
- Integral fire alarm interface
- Integral battery condition monitoring
- Data link connection
- Enhanced output noise immunity
- Dual DC outputs (continuous and re-settable)
- 2 Year limited warranty
- Designed to meet UL294/cUL/CE
